More About Us

Our Philosophy

We recognize that every child is unique, and we embrace the individuality of each child in our care. Our play-based curriculum fosters creativity, curiosity, and critical thinking. We believe that children learn best through hands-on experiences and exploration, and we strive to cultivate a love of learning that lasts a lifetime.

Our Team

Our dedicated team of experienced educators and caregivers is passionate about early childhood development. Each member of our staff is certified in CPR and First Aid, and they undergo regular training to stay current with the latest educational practices. We take pride in creating strong, positive relationships with both children and parents, ensuring open communication and collaboration.

Our Facilities

Located in a safe and welcoming neighborhood, our facility is equipped with age-appropriate learning spaces, outdoor play areas, and various resources to enhance each child's learning experience. We emphasize cleanliness and safety, ensuring a healthy environment for all our children.

Programs Offered

We offer a range of programs tailored to children aged [age range]. Our curriculum includes:

- **Infant Care:** A loving and attentive environment for our youngest learners.
- **Toddler Programs:** Engaging activities to foster social and cognitive skills.
- **Preschool:** This is an early childhood education program designed for children typically aged 3 to 5,
- **Pre-k:** Pre-kindergarten (often referred to as pre-K) is an educational program designed for children typically ages 4 to 5, before they enter kindergarten. The program usually focuses on social, emotional, physical, and cognitive development through play-based learning, structured activities, and interactive experiences.
- **School Age:** purpose is to prepare young children for the transition to more formal schooling
- **Special Needs:** "Special needs" focuses on children who require additional support due to physical, cognitive, emotional, or developmental challenges. This support is necessary for them to participate fully in education, social activities, and daily life.

Join Our Family

At Amazing Grace Daycare and Learning Center, we understand the importance of balancing work and family life. We are committed to providing flexible hours and personalized care options to meet your needs.

Thank you for considering us as your child's second family. We invite you to schedule a visit, meet our team, and see our wonderful environment firsthand.

Our graduates

Children graduate Amazing Grace Learning Center programs with the skills they need to succeed in private or public school. In surveys, teachers report that Amazing Grace graduates are enthusiastic learners who are socially and academically ready for the years ahead.

As well as the local language in each country our preschool / Pre-K are based in, we offer various 'immersion classes' in the afternoons, such as Mandarin, French or Arabic. In some centers, we give bilingual lessons – although primarily, the native tongue of every Safari Kid kindergarten branch is English!

Our community

Our families come from nearby neighborhoods, creating a close-knit environment and strong parent partnerships. Whether we're close to home or near the office, our center is ideal for busy working families and easy to get to – for pick-up and drop-off or to stop in for a visit.

We use fun, research-based, multi-sensory strategies to help children develop early learning skills, including Lively Letters, Open Court for phonics and literacy, Handwriting Without Tears, and Everyday Math. We use Responsive Classroom as the basis for our social and emotional learning curriculum throughout the school.

Health & Safety

Your child’s health and safety are our top priority. Our centers have strict guidelines for cleanliness and security and we’re proud to be recognized as a health-and-wellness model for child care centers by the Partnership for a Healthier America.

At Bright Horizons, we make your child’s health and safety our top priority. Our standards are the highest in the industry, meeting or exceeding all local and state guidelines.

All of our early education and preschool centers include:

- Well planned spaces with rounded corners and soft surfaces
- Secure areas that keep children constantly within sight
- Computerized front-desk check-in to ensure security
