

Teachers

Description

Our professional teachers love learning and pass that love and excitement to the children.

As the Director, my primary goal is to provide a nurturing and safe environment where children can learn, grow, and explore. We believe that early childhood is a vital time for discovery, and we are committed to fostering a love for learning in every child.

I am passionate about creating enriching experiences for children and supporting their families in the community. My love for educating young minds motivates me every day.

Our Mission

At Amazing Grace, we aim to provide a loving, supportive learning environment that promotes the physical, emotional, and social development of every child. We value inclusive and diversity, creativity, and play-based learning.

Amazing Grace Director since 2010

Meet

the wonderful team of childhood education .

early childhood educators.

are fully qualified, very experienced and extremely dedicated to their roles – many have been with us since it opened in 2010.

We truly value continuity of care and know how important consistency is in a young child's life – which is why we our team is only made of of all permanent part-time and full-time educators. We employ regular permanent float educators which enables us to refrain from using “casual” or “agency” educators. This means that your child will always know and be familiar with every educator in the service!
